

Szymon Parol

I am an MSc Eng. in Mechatronics who recently graduated and has been consistently developing skills in programming as well as the design of mechatronic devices and embedded systems. In personal projects, I continue to build my expertise with microcontrollers and single-board computers such as ESP32, STM32, and Raspberry Pi. Professionally, I develop web applications and automate processes by integrating multiple systems, thereby supporting the media localization workflow. I value commitment, ambition, and effective teamwork, which is why I enthusiastically take on new challenges and continuously seek opportunities for technological growth.

Email: szymon.parol@outlook.com

Phone: 691 800 132

City: Warszawa

Języki:

- English – B2/C1
- Polish – B2/C1

Skills:

- Programming: C++, C#, Python, Ruby, .NET.
- Tools: GitHub, SDVI Rally, IBM Orchestrator, Microsoft Office.
- Embedded systems: STM32, AVR, RP2040, ESP32.
- CAD / EDA: AutoCAD, Fusion 360, Inventor, basic Eagle, Blender, Rhino.
- Automation and control: PLC basics.
- Soft skills: fast learning, teamwork, independence, responsibility

Interests:

- Computer and board games
- Home brewing
- Electronics
- Learning programming languages
- Hobby projects in mechanics, robotics, and automation

Experience:

05.2023 - **Media Engineer**

Present *Iyuno A/S*

Description: Creating, updating, and improving applications that optimize production processes

07.2022 - **Intern**

09.2022 *ArcelorMittal Warszawa Sp. z o.o.*

Description: Internship in the steelworks maintenance department. Maintenance, implementation, and modernization of automation systems

07.2021 - **Technician**

09.2021 *SPIE Building Solutions Sp. z o.o.*

Description: Maintenance and control of building systems (water, electrical, alarm, etc.)

Edukacja:

Warsaw University of Technology, Faculty of Mechatronics

MSc Eng. in Mechatronics | 10/2023 – 06/2026

Master's thesis: Design and Implementation of a Mobile Demonstrator Robot with Large Language Model-Based Voice Interaction.

Warsaw University of Technology, Faculty of Mechatronics

BSc Eng. in Mechatronics, Multimedia Technologies specialization | 10/2018 – 05/2023

Bachelor's thesis: Remote control system for a mowing robot.

Certyfikaty:

02.2019 **B2 ACERT**

Organizer: Foreign Language Study Center, Warsaw University of Technology

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
